

Astro-Alliance(StarLab)

RADIO TELESCOPE

Resources to refer-

1. [SRT: The Small Radio Telescope - MIT Haystack Observatory](#)
2. [Build your own radio telescope – Science in School](#)
3. [How radio telescopes get "images" of asteroids | The Planetary Society](#)
4. [4-m Small Meterwave Radio Telescope \(SMRT\)](#)

Your task is to read up on radio telescopes to gain a better understanding of the components required for the project.

Deadline: June 20th, 2024
